TRAINEE PROGRAM

OXID ESALES DEVELOPER

(m/f/v)

We are specialists in eCommerce and digitization and support large and exciting companies from the entire GAS region. We were founded in 2006 and since everyone in Hamburg can do it, we prefer to stay in a beautiful old building in the heart of Pinneberg. Our core competencies are sophisticated e-commerce solutions based on Magento 2, OXID 6 and Shopify.

We cover the entire spectrum of conception and brand development, implementation and support of the shops as well as special solutions for interfaces. In short: We create great eCommerce platforms.

YOU HAVE

- Studied computer science/informatics for at least 4 semesters
- Interest of working with complex web applications and online shop systems
- Knowledge of software architecture in the PHP or similar, OOP and design patterns
- Routine with the programming languages HTML, CSS, jQuery and JSON/XML
- Already experience in agile working in sprints
- Excellent knowledge of English
- Enthusiasm and a high degree of self-organization

YOU WANT

- To become a PHP Developer
- Learn OXID eSales Web Application
- Develop plugins and interfaces
- Optimizing and supporting existing shops
- Working together with the Designers and the Frontend Developers in our team to build shops that people love
- Also be a Project Manager, no problem. All Developers are Project Managers, too - we will teach you everything you need to know.

WE HAVE

- Udemy PHP & OXID eSales Training
- Official OXID eSales Academy Training
- Official OXID eSales Developer Certification
- Very flat hierarchies and high personal responsibility
- No dress code, so a Wacken Tee is totally fine
- Free choice of work equipment (Dell Latitude 5420 / Macbook Pro)
- Company pension scheme and fair pay
- And much more

Is that something for you? Then we look forward to receiving your informative application documents including salary expectations and earliest possible starting date.

Please email your application to Sandra: jobs@kussin.de

We look forward to meet you!
